- Handles will be fitted vertically on this unit, except for Bella doors. NOTE: Sienna doorstyle does not feature the horizontal lines.
- The back of the contoured doors are available with a Platinum finish only. Due to its shorter spout length, we do not recommend using the short projection tap with a Wave unit. Please order a standard Amante basin mixer.
- When installing a Wave unit, the minimum filler we would recommend using is 16mm.
- For a scale drawing of this unit see page 23.
