

## A HINT OF MEDITERRANEAN STYLE

utopia... naturally

LIGHT FILTERING THROUGH SHUTTERS REMINDS US OF SUMMER HOLIDAYS AND THERE IS DEFINITELY A HINT OF THE MEDITERRANEAN ABOUT THIS LOVELY BATHROOM WITH ITS TERRACOTTA FLOOR TILES AND AIRY COLOUR COMBINATION.

Designed with a busy family in mind, this well-planned bathroom has masses of storage space to keep it looking neat and tidy. Even with a drawer and shelf for each family member there is still plenty of cupboard space left over for cleaning materials and spare loo rolls. Note the tall mirror cabinets on the wall offering full height reflection – so often overlooked in the bathroom – and yet more concealed storage space.

The doorstyle is the simple but elegant Claudia in a combination of warm Golden Oak carcass and soft sheen Tuscan Gloss doors. Prices for the washbasin unit with Quantum Round semi-recessed basin start from £462.
